# The *Chamber* works for *you...*

**Your chamber** works with all municipalities throughout Blount County as well as the Blount County Commission as the county's agency for economic development and recruitment. With the implementation of a GIS mapping system along with a comprehensive database of properties and partnerships with agencies throughout the state, the chamber is moving the county towards being better able to compete with larger counties for projects.

**Your chamber** serves as a county information center as we promote tourism and our local businesses through ribbon cuttings, the chamber website, newsletter and radio. We produce brochures, magazines, maps and much more that are all used in our efforts to attract residents, visitors and businesses to Blount County.

**Your chamber** continues to offer counseling sessions for new and established small businesses through a partnership with the Jacksonville State University Small Business Development Center. A representative of the center is available in the chamber office the second Tuesday of each month.

**Your chamber** hosts a number of events throughout the year including the annual Covered Bridge Festival, the Blount County Christmas Parade and the Chamber Banquet. We also bring in speakers from throughout the state through our monthly chamber breakfast program, which is open to the public with no cost thanks to our many local businesses who sponsor each month.

**Your chamber** sponsors Leadership Blount County. Founded in 2004, this comprehensive series of sessions seeks participants from all sectors of the community. The focus is not so much on the solution of community problems as it is on looking at problems and opportunities together. Through education, awareness, and networking, Leadership Blount County lays a foundation for the development and enhancement of leadership potential.

By joining the chamber, ***you are making an investment in the future of your county and community.*** You are taking action that will benefit the entire community and help the many volunteers that make the chamber a viable tool in promoting Blount County. A strong chamber means a better way of life not only for business and industry, but for all of Blount County. So ***join the team and let's continue to work together as Blount Countians toward a brighter future... our best days are still ahead of us!***
